ISSN 0022-0930.

Reviews

Substrate Specificity of Cholinesterases in Various Representatives of the Animal Kingdom

*N. E. Basova, B. N. Kormilitsyn, A. Yu. Perchenok, E. V. Rozengart,
V. S. Saakov, and A. A. Suvorov* 157

Comparative and Ontogenic Biochemistry

Comparative Analysis of PKC α and PKC ζ Activities in Rat and Lamprey Erythrocytes of Different Ages

N. I. Agalakova, I. A. Khvorova, and T. I. Ivanova 175

Saturated Fatty Acids and Parameters of Carbohydrate Metabolism in Adolescents of sub-Arctic and Arctic regions

O. S. Vlasova, F. A. Bichkaeva, T. V. Tretyakova, and N. F. Baranova 185

Protective Effect of Insulin on Rat Cortical Neurons in Oxidative Stress and Its Dependence on Modulation of Protein Kinase B (Akt) Activity

*I. O. Zakharova, T. V. Sokolova, I. I. Zorina, L. V. Bayunova,
M. P. Rychkova, and N. F. Avrova* 192

Thermal Adaptation and Fatty Acid Composition of Major Phospholipids in the Plain Sculpin *Myoxocephalus jaok* at Different Temperatures of Natural Habitat

E. Ya. Kostetsky, P. V. Velansky, and N. M. Sanina 205

Comparative and Ontogenic Physiology

Long-Term Ethanol Alcoholization Decreases Levodopa-Induced Aggressive Behavior in Rats

E. O. Kutcher, A. Yu. Egorov, N. A. Chernikova, and E. V. Filatova 216

The Effect of *Tas1r3* Gene Polymorphism on Preference and Consumption of Sucrose and Low-Calorie Sweeteners in Interstrain Hybrid Mice of the First Filial Generation

V. O. Murovets, E. A. Lukina, and V. A. Zolotarev 221

The Notions of Size and Shape in Old World Monkeys (*Macaca mullata*): A Comparative Analysis of the Formation Process

D. L. Tikhonravov, N. M. Dubrovskaya, and I. A. Zhuravin 234

Short Communications

The Effect of Intranasal Administration of Proinsulin C-peptide and Its C-terminal Fragment on Metabolic Parameters in Rats with Streptozotocin Diabetes

K. V. Derkach, E. A. Shpakova, V. M. Bondareva, and A. O. Shpakov 242

Insulin Administration Prevents Accumulation of Conjugated Dienes and Trienes and Inactivation of Na⁺, K⁺-ATPase in the Rat Cerebral Cortex during Two-Vessel Forebrain Ischemia and Reperfusion

I. I. Zorina, I. O. Zakharova, L. V. Bayunova, and N. F. Avrova 246

A Study of Cognitive Functions in the Dolphin *Delphinapterus leucas*

M. P. Ivanov, Yu. A. Tolmachev, A. A. Tulub, L. E. Leonova, and E. V. Romanovskaya 250

Immunohistochemical Evidence for the Localization of Dopamine Receptors on Neuropeptide Y-Expressing Neurons in Rat Arcuate Nuclei

I. V. Romanova, A. L. Mikhrina, and A. O. Shpakov 253
